

HELP SUPPORT

The Baton Rouge Clinic

A Helping Hand of Mercy

Our St. Vincent de Paul Community Pharmacy is working hard to respond to Jesus' call to seek out and assist the needy by providing a helping hand of hope to people who can't afford their prescription medications. Last year, our pharmacy filled over 22,000 prescriptions worth more than \$2.5 million for individuals who desperately needed a helping hand – people like Sharon who suffers from high blood pressure and diabetes. We help so many others who also have life-threatening illnesses. The Fill a Prescription for the Needy Campaign is a response to this community need. WBRZ-Channel 2, Pat Shingleton, and the Baton Rouge Clinic have come together to ask you to fill a prescription for the needy.

Showing Mercy to Those in Need

Ray is like many of the patients we serve at our community pharmacy. He's over the age of 50, has no health insurance and can't afford his prescription medicines. Many of our patients come to us when they are facing a life or death situation. They are typically older, have worked all their lives and, for the first time, have to ask for help. We often see individuals whose jobs required physical labor that they are no longer capable of doing. As they aged, they may have also developed an illness that further limits their ability to do the work they did when they were younger. We need your support so we can help people who are skipping doses of critical medications or breaking tablets in half, trying desperately to manage their illnesses. You can save a life today by filling a prescription for someone in need!

Last year, we filled over 22,000 prescriptions worth more than \$2.2 million. If you are able to help, we ask you to give a financial gift that will literally save lives. If you can't afford to give at this time, please pray for the people we serve until a time when you can send a gift.

[Use the prescription form below to make a difference by printing it, cutting it out and mailing with your contribution to St. Vincent de Paul, P.O. Box 127, Baton Rouge, LA 70821-0127](#)
